

Jerusalem Bible – Daily Prayer and Principles of Reading – XVI

I. Themes

In fact Christ's life in several regions – Israel, Greece, Byzantium and the Mediterranean.

II. Concentric Disciplines based on Christ's Life

Geography – the Aegean which is shifted to the North of Iraq as Euphrates which then is in Egypt – the Tigris and Nile.

History – the movement of Spartacus leading to contemporary revolution in India and the world.

Combinations – Jordan in the 40 BC which was with Christ is today in Iran as a special word from Iranian Ulama – that Sirohi is a Prophet and leader of the Intifadas, which then is the work of Jordan – a Christian Islamic union of the people who follow Mohammad as religious inspiration but Sirohi as a Islamic leader.

Measurements by geography against the sciences – that in fact the Hills are aging and old and prove eternal life without reference to planets which it proves are formed and dense and infinitely complex in life on Earth which means the planets are well formed and constant.
